We will get to experience the Blyde River Canyon which a 26km long Canyon located in Mpumalanga, South Africa. It is the third-largest canyon on Earth, behind the Grand Canyon and the Fish River Canyon.

Unlike the Grand and Fish River Canyon, the Blyde River Canyon is a "green canyon" which is dominated by subtropical vegetation. This is where we will find the Panorama Route stretching far and wide.

The stops will include:

The Berlin Falls are a waterfall in Mpumalanga, South Africa. They are located close to God's Window and the highest waterfall in South Africa's Mpumalanga province

God's Window will be also another stop for a picturesque viewpoint. Uniquely located North of Graskop, while standing at this view point you get a beautiful view of the panoramic lowveld. You will be able to view the magnificent Blyde River Canyon

Bourke's Luck Potholes will also be being amongst the best of Mpumalanga attractions as a popular geological attraction formed by water erosion, with walkways & bridges that take one's breath away

Three Rondavels is also amongst the offerings. The Three Rondavels which are three round mountain tops with slightly pointed tops, remarkably like the traditional round or oval African homesteads made with local materials called rondavels. Once known as the chief and his three wives – the flat-topped peak represented Mapjaneng, famous for opposing invading Swazis in a memorable battle, whilst the rondavels are three of his more troublesome wives – Magabolle, Mogoladikwe and Masumoto

Thereafter we will return to our overnight accommodation and look forward to the next day.
